STYLISH, COMPACT DESIGN

All of Fujitsu's new KM & CM series have a stylish, standardised design across the range, so all of your air conditioners can have a consistent look and feel throughout your home.

EASE OF USE

All of the KM & CM range comes with a simple and easy to use controller, giving you control of your climate, right at your fingertips. With features such as low noise mode, economy operation, and program timers, you can tailor your comfort needs at the touch of a button.

PEACE OF MIND

Fujitsu believes in the quality and reliability of every air conditioner they sell. This is why we're happy to provide a full 5 year parts and labour warranty across the domestic range.

ENERGY EFFICIENCY

The KM & CM series are the most energy efficient air conditioners Fujitsu have designed. With built-in features such as high efficiency DC componentry, Power Diffusers, and High Density Multi-path Heat Exchangers, these air conditioners use less power than ever before.

With some models reaching a 5 star energy rating, year round comfort can be more affordable for you and your family.

HUMAN SENSOR CONTROL

All models in the KM and CM series contain the human sensor control, an intelligent feature which detects movement of people to deliver optimum efficiency and temperature control. When in operation, if the sensor detects no movement in a room after 20 minutes, the air conditioner will be switched to an energy saving operation, modifying the temperature to minimise energy consumption.

When movement is detected within the room, the air conditioner reverts to its previous setting.

Indoor temperature	27°C DB/19°C WB
Outdoor temperature	35°C DB

HEATING

Indoor temperature	20°C DB
Outdoor temperature	7°C DB/6°C WB

Running current is at rated conditions (AS3823) and does not include compressor start-up or variations in power supply and load conditions.

FUJITSU

If you are looking for an air conditioner that you can trust to keep you comfortable all year round, my advice is to look no further than a Fujitsu.

They are efficient, effective, and beautifully designed, I should know, I bought one myself.

So for an air conditioner you can trust, go with the name you know, **Fujitsu, it's Australia's Favourite Air.**
